SUBJECT: Revised Rhode Island-Specific Reporting Requirements and Value Sets Workbook

The purpose of this memorandum is to announce the release of the revised Medicare-Medicaid Capitated Financial Alignment Model Reporting Requirements: Rhode Island-Specific Reporting Requirements and corresponding Rhode Island-Specific Value Sets Workbook. These documents provide updated technical specifications and applicable codes for the state-specific measures that the Rhode Island Medicare-Medicaid Plan (MMP) is required to collect and report under the demonstration. As with prior annual update cycles, revisions were made in an effort to streamline and clarify reporting expectations for the Rhode Island MMP.

Please see below for a summary of the substantive changes to the Rhode Island-Specific Reporting Requirements as compared to the prior version dated February 28, 2022. Note that the Rhode Island-Specific Value Sets Workbook also includes changes; the Rhode Island MMP should carefully review and incorporate the updated value sets, particularly for measure R11.4.

The Rhode Island MMP must use the updated specifications and value sets for measures due on or after May 31, 2023. Should you have any questions, please contact the Medicare-Medicaid Coordination Office at mmcocapsreporting@cms.hhs.gov.
